

Art for a Sustainable Future

In honor of Earth Day, we cordially invite artists to submit their works for consideration in our upcoming art exhibition, Eco Impressions: Art for a Sustainable Future on view at the 20*20 House in Lansdowne, PA from June 1st-30th, 2024.

This exhibition highlights work created with the environment in mind: we're seeking work that employs sustainable practices or eco-friendly materials and directly addresses topics such as climate change, waste, and pollution.

This call is open to artists working in any 2D or 3D medium, or written word. Submitted work should demonstrate a unique approach to sustainable artmaking practices, such as the use of upcycled, recycled, repurposed, and reclaimed materials, eco-friendly and non-toxic materials, and/or clearly contribute to the dialogue about the threats facing our local and global environment. All submitted work should be original and one-of-a-kind.

Submissions will be juried by the Lansdowne Arts Committee. Submissions are due by 11:59 PM on May 5th. Artists will be notified of their acceptance by May 17th.

Artwork must be hand-delivered on the week of May 20th and picked up the week of July 1st in Lansdowne, PA. Mailed artwork will not be accepted. Wall-based artwork must be framed or otherwise be ready to hang using hardware. Work needing magnets, velcro, putty, etc., to hang will not be accepted. Only one submitted artwork can have dimensions exceeding 48".

To apply, please submit the following materials:

- Up to 5 artworks for consideration (only one artwork may exceed 48" in any direction)
- A brief artist statement outlining your concept and approach to the themes of sustainability and eco-consciousness.
- An artist bio
